TOP AVIATION service award from the Southern California Aviation Breakfast Club was received Sunday by Mrs. Clemens Granger, second from left, Palm Springs founder of the veteran air group. From left are Francis Crocker, Tramway Authority official who spoke to the brunch group; Mrs. Granger, Mrs. Agnes Oberg, club president; and Woody De Silva, club president-elect who was early Palm Springs aviation worker. (Desert Sun Photo)

NEWS in BRIEF

WASHINGTON (UPI) — Sen. John J. Williams, R-Del., demanded to know today whether either "blackmail" or a "deal" was involved in the U.S. Savings and Loan League's decision to drop its letter-writing campaign against a key feature of President Kennedy's tax reform bill.

Williams, top GOP member of the Senate Finance Committee which is considering the bill, told the Senate that "this has the appearance of either an attempt to blackmail a group for its support" or "a \$300 million deal with the association in return for their support."

MADRID (UPI) — Two opposition leaders were in exile today and three other prominent Spaniards accepted forced residence in a remote part of Spain following the government's crackdown on enemies of Generalissimo Francisco Franco's regime.

BUENOS AIRES (UPI) — A train crashed into a school bus carrying scores of children at a grade crossing today, causing heavy casualties.

A hospital spokesman said 41 children were killed in the crash or died of injuries.

WASHINGTON (UPI) — A battery of federal mediators met today with union and management officials in an effort to avert strikes threatened for Wednesday night against Pan American, Trans World and Eastern airlines.

Police Report Confession in 'Tip Theft'

John R. Sigart has confessed to the "tips theft" at the Riviera hotel, police said today.

Sigart, of 733 E. Vista Chico, was arrested on suspicion of grand theft Friday in connection with a storeroom break-in at the hotel on May 5, when over \$1,300 in tips from the Optimist convention were taken, according to report by hotel employees.

Sigart claims the amount of money was "much less," but admits to taking it, police said.

Train Wreck Kills One; Injuries to 243 More

MISSOULA, Mont. (UPI) — Investigators sought today to determine whether brake failure or human error caused Sunday's wreck of a Northern Pacific passenger train which killed one person and injured 243 others.

An NP spokesman said one of the other caused the train to lurch off its tracks at more than twice the recommended speed and scatter 15 of its 18 cars along a steep embankment.

The train, eastbound from Seat-

Springs Woman Wins Top Aviation Award

By PEYTON CANARY

The top award for service to southern California aviation was presented here Sunday by the Southern California Aviation Breakfast Club to a soft-spoken woman who helped found the group 26 years ago.

Mrs. Clemens Granger, 517 Camino Parocela, with a quiet thanks, accepted the little bronze plaque citing her as the club's 1962 choice as aviation's top aide.

Her gracious table talk at the Howard Manor luncheon meeting of the private aviators and air editors masked a veteran dedication to highly-tuned racing engines which carried Mrs. Granger through three of the first four Los Angeles-to-Cleveland National Air Races.

Mrs. Granger and club president-elect Woody De Silva were organizers of the Southern California Aviation Breakfast Club at Mrs. Granger's house in 1936. De Silva was manager of the small pre-war Palm Springs Airport.

"We organized the breakfast club at the end of a meeting of the 99 Women's Club," Mrs. Granger recalled.

PALM DESERT — Sheriff's deputies today accelerated a search for a Levi-clad 19-year-old boy who has been missing from his home here since Saturday.

Sought is Gregg Steven Bazinet, who apparently left his parents' home at 74-131 Valardo Road at 4 p.m. Saturday following a disagreement with his step-father, George E. Anderson.

Deputies said Anderson reported the 90-pound youngster missing at about 11:30 p.m. Saturday.

Officers reported the brown haired lad is thought to be wearing only Levis and tennis shoes, no shirt. Neighbors joined the family in a search for the boy before officers were called, according to his mother, Mrs. Betty J. Anderson.

Find Ancient One
QUIMPER, France (UPI)—Scientists here claimed today they have excavated a village covered by the sea 2,500 years before the birth of Christ.

Spa Hotels Jammed on Weekend

No Rooms for Over 600 Guests From Coast Area

Joy and sorrow were the mixed emotions of Palm Springs hotel owners this past weekend, who filled their houses and sent more than 600 would-be guests elsewhere.

The resort area was crowded with visitors from the coastal area where damp and cool weather through last week hung on through the weekend, sending sun lovers this-a-way.

The Desert Sun made a cross check of the hotels in Palm Springs and found even the swimming pools were crowded to overflow.

Two wings at the Riviera had been closed for the summer, and had to be opened, and 200 telephone requests for rooms were refused.

Some 150 persons tried the Biltmore, but it was sold out on Friday. The hotel was doing a big business on Saturday, trying to find places for more than 200 persons who wanted to stay there.

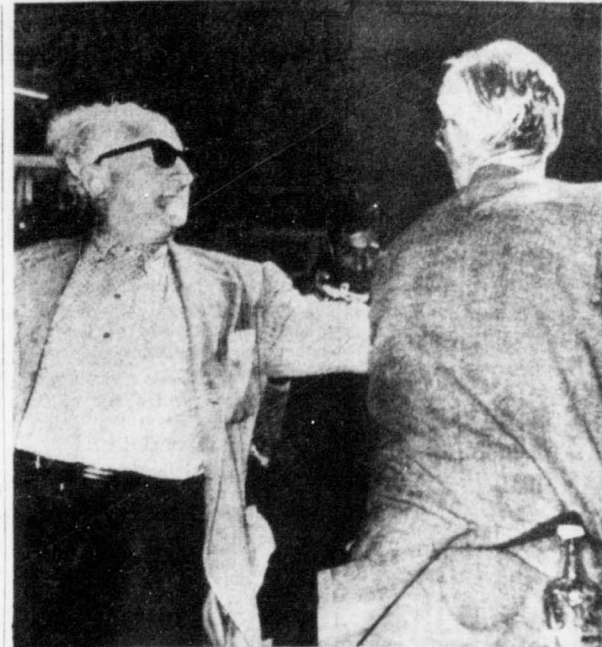

Mrs. Helen Hayes who takes reservations at the Howard Manor, said that it had over 150 unfilled requests. Mrs. Hayes referred them elsewhere.

By early Saturday evening, it was every man for himself. One couple stayed up all night, and finally got a room at Laurys Water Falls Motel late Sunday morning, trying to get some sleep before returning to Los Angeles.

What did you see in Palm Springs this weekend? "No Vacancy" signs.

Five Cities Merge
TOKYO (UPI) — Five cities on the island of Kyushu will be merged to form the new city of Kitakyushu, with a total population of more than one million, it was announced today.

The cities of Moji, Kokura, Yahata, Tobata, and Wakamatsu on Japan's southernmost island will form the new city.

PACIFISM is the subject of a controversy inside the Federal Post Office Building in San Francisco, outside of which a pair of combatants — one with his favorite beverage tucked safely in his hip pocket—decide the issues by slugging it out. (UPI Telephoto)

Algerians Expect Cooperation Era

ALGIERS (UPI) — Algerians spoke hopefully today of a new era of cooperation between Europeans and Moslems despite a weekend of bombings by Secret Army Organization extremists that damaged 40 public buildings.

Over the weekend the OAS refrained from attacking individual Moslems but stepped up the "scorched earth" policy of destroying public buildings to leave the Moslem majority as little as possible to take over.

Many of the targets were schools which will be used as voting stations for the referendum. Insurance offices, banks and municipal buildings also have suffered. The American Cultural Center was damaged Saturday because of U.S. opposition to the OAS.

In the Sahara, about 90 miles south of the main French oil field at Hassi Messaoud, a natural gas well was set afire by an OAS plastic bomb explosion. Flames shot 80 feet into the air.

The OAS said in a pirate radio broadcast Saturday night there would be new orders for Europeans today—possibly a resumption of attacks on Moslems.

Since Jan. 1, more than 3,400 persons have been killed and 10,100 wounded in terrorist attacks across the country.

A Moslem nationalist leader, Chawki Mostefai, told newsmen the National Liberation Front (FLN) had promised to honor its commitments to France.

"Concerning the Europeans, we feel we are in for a favorable change," Mostefai said.

City Budget Public Hearing Slated Tonight

Proposed budgets for five city departments will be reviewed in 7:30 p.m. public hearings today by the Palm Springs City Council.

The hearings, slated for the city hall conference room, will cover the library, planning department, city clerk's office, airport, and the Palm Springs Golf Course.

Final hearings set for the \$2,061,965 operating budget for 1962-63 will come at 7:30 p.m. Tuesday. Slated for the evening session are the city Chamber of Commerce advertising contribution, tentatively set at \$90,000 plus the police department budget, city attorney's office, and city manager's office budgets.

Meet Set With Steel Chief, Financial Team

NEW HAVEN, Conn. (UPI) — President Kennedy, in a Yale University commencement address, today urged peace between American business and his administration. A short time later he arranged a late afternoon meeting in Washington with U.S. Steel President Roger Blough and members of a special task force of business leaders studying the gold outflow and balance of payments situation.

After lunch with Yale officials and other honorary degree recipients Kennedy planned to fly back to Washington. He scheduled an afternoon meeting with the cabinet.

He will meet later with Blough in his capacity as chairman of a special business advisory committee task force on gold and balance of payments.

White House officials said the President regarded the meeting with Blough and the five other task force members as a particularly significant move and representative of the new degree of cooperation between government and business to which the President aspired in his Yale address.

Conferred with Blough
Shortly after the famous disagreement between Blough and Kennedy over the U.S. Steel Company price increase, which was later rolled back under the weight of a sharp attack by the President, Blough called on Kennedy at the White House and asked how the business community could be helpful in maintaining stable prosperity.

The President at this meeting suggested that Blough and some of his top level business colleagues might be particularly helpful in the area of the current imbalance between gold outflow and income from American trade overseas.

Blough took up the suggestion, formed the five-member task force from members of the Business Advisory Council and today's meeting will be the first working contact with the President.

The chief executive, in the prepared version of his Yale speech, had included a reference to the "temporary disagreement" between the government and steel industry, saying this one incident would not lead to his administration's lapsing into a policy of general hostility to business.

Asks Common Approach
Under actual delivery, however, the President eliminated this sentence from his address, which was largely a call to critical business leaders to put aside partisan wrangling with his administration and join in "common concentration on common problems" of the national economy.

Sun Cooking School Features Prizes, Tips

A series of prizes, ranging from bags full of groceries to major kitchen appliances will be given away at the Desert Sun-Calestic Cooking School and Electric Living Show tomorrow at 2 p.m. in the Chi Chi Starlite Room.

But the main feature will be the "Summer Wife Savers," tips on easier cooking and housekeeping to be presented by "Penny Power."

Singer Ill

LAS VEGAS, Nev. (UPI)—Singer Della Reese Sunday cancelled the remainder of her engagement at the Flamingo Hotel here because of illness and said she would return to her New York home to rest.

MEMORIES of Mark Twain were on the course at Bermuda Dunes Country Club yesterday, when the first Huckleberry Finn fishing derby was held at the 18th hole lake. Among nearly 100 members and guests participating were Mrs. Richard Glass, above, and her three sons, from left, Craig, 8; Ward, 3, and Blain, 7. See Sports, Page 12, for story of tournament.

U.S. Attitude on Nuclear Hit Told

WASHINGTON (UPI) — The government has no hope of preventing "tens of millions" of deaths in blast areas in the event of an all-out nuclear attack.

What it wants to do, according to the nation's civil defense chief, is to have fallout shelters for people who are located where there is only fallout radiation. Nothing can be done for those close to the explosion.

Assistant Defense Secretary Stuart L. Pittman, in charge of

civil defense, said "There is probably no shelter construction that we know of that is practical and within reach" which would save people in the immediate area of a nuclear blast.

"We don't hope to save the lives of the millions of people who will be exposed to the direct effects of the explosions," Pittman said in a television interview (ABC-TV Youth Wants to Know).

Although there would be tremendous loss of life in a nuclear attack, Pittman said, a "complete fallout shelter system would save from 40 million to 120 million persons from death by fallout."

He said intensive studies by the Defense Department of probable prime targets for a nuclear attack had shown that "there's much less certainty than everyone tends to believe" that all large cities would be hit.

"I think that most people assume that New York and all the large cities would be hit," he said. "This is much less certain than is commonly supposed."

The government, he said, was placing "very little reliance on home shelters as a solution to the problem the country faces of providing a place for everyone to go" in the event of nuclear attack.

"We are depending on bringing into operation shelter space in large buildings, which will take care of large groups of people," he said. "This will answer the problem of most of the people in cities and towns who could not afford to build a home shelter. It will also be the preferred solution."

Solid-Fuel Rocket in Test Blast

SACRAMENTO, Calif. (UPI) — An 80-foot solid-fuel rocket billed as the most powerful in the Free World, shattered its tail section with a violent blast Saturday during a test-firing by Aerojet General Corp.

The rocket was built by Aerojet under a contract with the Air Force, which paid for the rocket—but now no longer wants it. A contract to produce similar big solid-fuel rockets recently went to one of Aerojet's competitors, United Technology of Sunnyvale, Calif.

Aerojet engineers, who had successfully conducted three of the four tests under the Air Force contract, had been working on the project for more than a year.

They decided to stage Saturday's test to gain information for other rocket development programs and possible contracts in the future.

Newsmen, called by Aerojet to the test site about 15 miles east of Sacramento, waited more than four hours for the test to take place. Officials blamed a minor malfunction for the delay.

The rocket burned successfully for 71 seconds of its scheduled two-minute duration. But suddenly it threw chunks of flaming fuel over a wide area on the test grounds and sent clouds of smoke swirling high into the air. There were no injuries.

Dan Tanenbaum, manager of test operations, said the rocket—made in seven separate sections and assembled last week—apparently developed its full 700,000 pound thrust until the moment its rear section blew apart.

Services For A. J. Nowell On Wednesday

Funeral services for Ambrey J. Nowell, 66, of 1140 South Cells Marcus, will be held Wednesday at 1 p.m. at the Wiefels and Son Chapel, with the Rev. J. Wesley Smith, pastor of the Calvary Bible Church officiating. Interment will be in Desert Memorial Park.

A native of Salt Lake City, Utah, he is survived by his widow, Anna May, and his mother, Mrs. Minnie Nowell of Los Angeles.

He was a local businessman, had resided in Palm Springs for the past six years and had lived in California for 20 years. He died Saturday evening in the local hospital following a stroke earlier in the day.

Billy Plans No Extension Of Crusade

CHICAGO (UPI) — Evangelist Billy Graham has decided against extending his Chicago crusade—one of the most successful he has ever conducted—because suitable facilities will not be available.

The crusade, which has attracted 400,000 persons to its first 12 sessions, went into its final week today. It will be concluded with a giant rally in 92,000-seat Soldier Field next weekend.

Graham said the 35,000-seat McCormick Place Convention Hall will be unavailable after this week and he has been unable to locate another suitable site.

Notorious Polly Adler Dies in Los Angeles

LOS ANGELES (UPI) — "I was determined to be the best damned madam in all America."

Polly Adler made no excuses for her life nor the course it took. For more than 25 years she ran one of the most exclusive—and notorious—bordellos in New York.

Her clientele included gangsters, police officers, well known politicians and members of the socially prominent set.

Now Polly Adler is gone, a victim of cancer at the age of 62. She died Saturday at the Cedars of Lebanon Hospital here.

But still remaining is the memory of the penniless Russian immigrant who molded an illicit empire that reaped a fortune and carved a life both praised and pitied.

In her best-selling book summing up her flamboyant and bawdy career, she wrote: "I am one of those people who just can't help getting a kick out of life—even when it's a kick in the teeth."

For Polly Adler, life was a rollicking rampant surge through the highest echelons of society parenthetically inserted between a frugal beginning and an obscure end. But Polly Adler's enchantment with the stark realities of life and

Discuss Unity

LEOPOLDVILLE (UPI) — Central Congolese Premier Cyrille Adoula and President Moise Tshombe of secessionist Katanga Province met for the third consecutive day Thursday to discuss Congo unity. Informed sources said the two leaders agreed on procedures to be followed during the remainder of their talks.

Martin Refuses Film Part If Studio Boots MM Aside

HOLLYWOOD (UPI) — Dean Martin widened the breach in the family spat between Marilyn Monroe and 20th Century Fox Studios Sunday when he refused to appear in the film "Something's Got to Give" because the studio fired the shapely blonde from the production.

"I agreed to do this movie because Marilyn Monroe was going to costar and it would have been great for my career," explained Martin. "Now that she isn't going to do it, the picture doesn't look too good to me."

The studio fired Marilyn and

Desert Beautiful Meet Scheduled

Desert Beautiful will hold a meeting heralding the end of the "Pick Up, Paint Up, Paint" spring campaign at the Palm Springs Airport at 12 noon Wednesday. Mrs. Clifford Henderson, head of the group, announced today.

Mrs. Henderson said reports from various committee chairmen will be heard during the meeting.

Degrees Tonight

Banning Masonic Lodge will make an official visit to the Palm Springs Lodge, F.&A.M., tonight at 7:30, when master Masons degrees will be conferred on members of both lodges.

No Review On Beck by High Court

WASHINGTON (UPI) — The Supreme Court refused today to review the 1959 conviction in Tacoma, Wash., of former teamster boss Dave Beck on two charges of filing false income tax forms for a union organization.

The court's brief order lets stand a decision handed down early this year by the 9th Circuit Court of Appeals in San Francisco upholding the conviction.

The offenses concerned the information forms for 1950 and 1952 of the Building Association of Teamsters Joint Council 28, a tax-exempt union entity.

At the time these counts were upheld, the 9th Circuit Court ordered a new trial on four tax evasion charges against Beck himself.

This action reduced his fine from \$60,000 to \$20,000 but his jail sentence remained at five years.

Beck's appeal to the Supreme Court said his constitutional rights were impaired because of his required appearance before the Senate Rackets Committee during the criminal proceedings.

On May 14, the Supreme Court upheld a grand larceny conviction against Beck. He has been sentenced for this to not more than 15 years in the Washington State Penitentiary.

He is also facing trial in New York City along with five employees on charges that they illegally loaned him \$200,000 in 1954.

Beck is also facing trial in New York City along with five employees on charges that they illegally loaned him \$200,000 in 1954.

Prospects Dim On Medical Bill

WASHINGTON (UPI) — Administration backers hunted for a compromise today to head off defeat of President Kennedy's medical care for the aged program.

The House Ways & Means Committee, lined up 15-10 against the bill, began a series of closed meetings on the issue which may run for two weeks.

Prospects look dim for enactment of any legislation on medical care this year. But backers refused to give up hope that a majority of 13 might be mustered to support some compromise embodying the principle of the program — medical care through Social Security.

Other congressional news: Stockpile: Sen. Stuart Symington's subcommittee set aside its investigation of stockpiling policies to hear government witnesses outline plans to dispose of surplus ranging from silk to castor oil. Symington has been urging orderly disposal of the surplus, which have an estimated value of \$3.4 billion.

Wiretap: Rep. Bob Kastenmeier, D-Wis., introduced a bill to outlaw all forms of wiretapping. He said the present law prohibits "interception and divulgence" of telephone, telegraph and radio messages, and courts have ruled that interception without divulgence is legal. Kastenmeier's bill would change the law to read "interception or divulgence."

Eight Items of Desert Interest Face Planners

RIVERSIDE — Eight items of special interest to upper Coachella Valley residents will be on the Tuesday adjourned meeting agenda of the Riverside County Planning Commission, with one item of area interest slated for a regular meeting Wednesday.

A public hearing is scheduled soon after 10 a.m. Tuesday on recommended approval of a trailer park sought by Roy G. Walton near Desert Hot Springs. The proposed facility would be located on the west side of Mountain View Road, one mile north of Dillon Road.

Trailer Variance

The commissioners will consider recommended approval of a variance for the G. G. Jensen and W. Farney application for a trailer park west of Madison Street. The site is 338 feet west of Madison, and 700 feet north of High-

way 111, in the Bermuda Dunes district.

Action is slated on recommended approval for an M-3 zone trailer park use in the Desert Hot Springs area. Bernard J. Murphy plans the park on the north side of Pierson Blvd., one and a half miles west of Indian Avenue.

A W-2 plot lot split in the Bermuda Dunes district, on the west side of Los Coyotes Drive, a quarter-mile south of Avenue 38, will be considered for the Passmore Development Co.

Hearing

A 1:30 p.m. public hearing is set for the Desert Bermuda Development Co.'s application for an airport and hotel on the south side of Country Club Drive, extending west from the Jefferson Street prolongation 4,200 feet.

A public hearing on a zone change request by Jean Damerel for Palm Desert lots will follow the 1:30 p.m. hearing. The lots,

sought for R-2A limited multiple dwelling zoning, are located at the southwest corner of Portola Avenue and Fairway Drive.

Lot Approvals

Approval of 1,941 lots in tract 2425, Mobilife Corp. property east of Kubic Road between Ramon Road on the north and Highway 99 on the south will be considered. The lots total 391 acres.

Tract 2445, 34 lots on 8.1 acres, will be considered for applicant Kemp on the south side of El Paseo Road, 700 feet west of Highway 74 in Palm Desert.

Wednesday, a 9:30 a.m. public hearing will be held on a reduction of lot size and setback, sought by Sandpiper Builders, Inc., in Palm Desert. The property is on the south side of El Paseo Road, between Pitahaya Street and El Paseo, 805 feet west of Highway 74.

Hebrew Institute

NEW YORK (UPI)—New York University has established the first Institute of Hebrew Studies at a non-sectarian university in the United States.

The NYU institute will coordinate existing Hebrew study programs on the graduate and undergraduate level and will undertake an expanded research program in ancient manuscripts, a professorial exchange with Israeli universities and a program for training professors of Biblical and modern Hebrew.

Echo's Special this week. Beautiful drip dry prints & plaids 3 yds. \$1.00. NO SUNDAY SELLING. Who Is This Jacqueline - 401 S. Indian Free Parking In The Thrifty Shopping Center

COMING to Palm Springs on June 20 are the dancing Silver Spurs from Spokane, Wash., in a program described as a "two-hour scintillating dance review from around the world" by Howard Haddock, director of recreation and special events for the city. The show will be presented in Palm Springs High School Auditorium, beginning at

8 p.m., and tickets are geared to the pocketbook of "every family," available from any Elk, Desert Doe or city recreation office. The show will be co-sponsored by the city and Elks for the benefit of the Elks' major project—the Cerebral Palsy Fund.

Realtors to Plan for Section 14

A presentation of the Williams' plan for zoning of mid-town Section 14, and a talk on the industrial future of Palm Springs will highlight the 7:30 p.m. Tuesday meeting of the Palm Springs Board of Realtors, in city council chambers.

Architect Stewart Williams will make a color slide presentation of his long-range plan for zoning of Section 14. Mrs. Isabelle Cameron, board president, announced. Muriel Fulton, chairman of the realtors' high-rise committee, arranged the presentation.

Williams' plan, now under study by a joint Indian-city committee, proposes special restrictive commercial zoning on Tahquitz-McCallum Way, with high-rise hotel and apartment buildings on large parcels on the north and south portions of the Section.

Fred Reinhardt, industrial-research manager for the Riverside County Board of Trade, will speak on the "Total Industrial Future of Palm Springs." The Reinhardt talk was arranged by Arnold Perlin and Robert Press, realtors' program chairmen, in cooperation with William R. Temple, Riverside title firm official.

Bessie Clinton Passes Away In New York

The death of Mrs. Bessie Clinton, 84, in Yonkers, N.Y., last Tuesday was reported to friends in Palm Springs yesterday in a letter from her widower, Jacob M. Clinton.

Mr. and Mrs. Clinton formerly resided in Palm Springs, as well as in numerous cities throughout the world in which Clinton served during service as secretary of the Foreign Division of the National Young Men's Christian Association.

IN YUCCA VALLEY

Awards Assembly Held

YUCCA VALLEY — Members of the Morongo Unified School District Board of Education were guests of honor at annual awards banquet held at the Yucca Valley School.

Taking part in the special program, during which 85 students were honored for achievements during the school year, were Mrs. Verna Eversmeyer, Mrs. Ralph Lutz, T. C. Strong, Don King and the assistant superintendent of schools, Glenn Hardy.

Special Program
Following the awards ceremony, the junior high students presented a special program, which was emceed by Jim Ash and Paul Meier. Others taking part were Diana Mock, Gloria Truehart, Ronnie Harrington, Maria Bowden, Judy Kenney, Mary Sandrowski, Charyl Bridges, Charlene Bradshaw, the junior high band and the girls chorus.

During the awarding of the achievement certificates, Mrs. Eversmeyer, the board chairman, presented the outstanding scholarship award to Charyl Bridges. Two other outstanding awards were presented by Mrs. Lutz. These were the DAR citizenship medals which went to Carol Eurlick and Robert Hicks, both eighth grade students.

Other Awards
Other awards were presented as follows:

Outstanding student leadership, Jim Ash; essay contest awards, Susan Arch, Charlene Bradshaw, Taun Brooks, Charyl Bridges, Eddie Rich, Kathy Reed and Diana Littlepage; art contest winners, Taun Brooks and Robert Hicks. Hicks was also presented a special art award.

A special match award went to Robert Moore, and Eddie Rich and Charyl Bridges received recognition for band and chorus, respectively. Carol Eurlick received an award for outstanding typing ability.

Popularity
Popularity awards were presented to Dorothy Davidson and Jim Ash, while Mary Sandrowski and Mike Marble were cited for their

sportsmanship. Susan Arch, Sharon Harrell and Jim Ash were presented certificates for perfect attendance.

Service to school awards went to Wayne Allen, Mary Jo Arch, Charyl Bridges, Jerry Bunker, Janet Gholson, Pat Green, Mike Guelzow, Sharon Harrell, Jack Hodges, Steve King, Diana Littlepage, Tim Murphy, Kathy Reed, Yvonne Smith, Danny Snook, Gwynett Swogger and Judy Wagner. Other special service to school awards were made to projectionist Karl Wyne, Dennis Plasse and

Closing
In closing the program, a group of seventh grade mothers who served the dinner, received recognition for their part in the evening's festivities. They were Lotie Russi, Vivian Reed, Mary Tornborg, Val Arrasmith, Marilyn Steely, Nan Marble, Leona King and Loretta Swogger.

A dance rounded off the evening's entertainment.

TELEVISION NOTES

Cliff Arquette Slated With Rogers-Evans Show

NEW YORK (UPI) — Cliff Arquette and his Charlie Weaver character were scarcely in evidence during the last season of Jack Paar's NBC-TV program after appearing regularly for several years, but the comedian isn't out of business. He'll turn up as a regular, as Charlie, of course, on "The Roy Rogers-Dale Evans Variety Hour," a new weekly 60-minute show on ABC-TV next fall. At 7:30 p.m. Saturdays; begins Sept. 29.

Abbe Lane and Xavier Cugat and his orchestra will headline Ed Sullivan's CBS hour on Aug. 12 and give special attention to their "Latin Twist" creation.

Sid Caesar is hard at work in Hollywood getting three or four of his series of half-hour shows for next season (ABC) in the can so he will be free to come here late in the summer to start work on his stage musical, "Little Me."

The first featured guest to be signed for the new Jack Paar show, which will bow on NBC-TV

SHOP SAVES SOLES
SPENCER, Iowa (UPI) — Advertisement by a shoe repair shop in a commercial publication this week:

"We doctor them, keep them, attend to their dyeing and save their soles."

TRAFFIC WARNINGS WORK
NEW YORK (UPI) — The traffic department said 2,380 drivers went the wrong way on new one-way streets in lower Manhattan this week during the first three days of the changeover. Warning summonses were issued.

During the past three days, when official tickets were to be handed out, not a single driver erred, the department noted.

GOAT TRAPS WORKER
NEWPORT, Isle of Wight (UPI) — "Can you help me?" cried the man telephoning the Newport police station. "I've been trapped by a goat and can't get to work."

Policemen rushed to the telephone booth where the man was caught, captured a goat butting its head against the booth door and freed the man.

He's Unplatonic

NEW YORK (UPI) — French actor Yves Montand's definition of Platonic Affection (From "Dictionary of Love" in McCall's magazine): "I have heard of this thing between a man and a woman. Perhaps it exists. I think not."

Cooking School and Electric Living Show

Women Get Enjoyment at Creative Work in Cooking

Recent surveys conducted by some of America's leading research organizations indicate that women get the most enjoyment out of cooking — because cooking is creative work.

While no one will ever be able to settle the argument as to whether any given woman is a better cook than her grandmother, one thing is certain, with today's modern electric ranges, the housewife can do things grandma would never have thought of trying — and with a minimum of work.

Many fancy dishes required hours of preparation and close attention over long periods of time. Grandma just couldn't take that much time to prepare a fine meal.

Controls Ease Task
Today's homemaker, however, can have a fast cooking electric range at her command. And it will complete with a variety of automatic cooking controls to insure that once the meal is underway, it doesn't require constant attention.

One of the chief pastimes for many Americans is that of haunting antique shops for relics of the by-gone era.

If they're lucky they may bring home an authentic dry sink or a sad iron to use as a decoration. But one thing they are not interested in returning to is the old-fashioned kitchen cook stoves.

While many families strive to give their kitchens an early American look, they by no means wish to return to early American methods of cooking.

The open stone fireplace in the kitchen or later the large metal contraptions for cooking provided only spotty heat, unregulated and uncontrolled.

Innovations Offered
The electric range of the Electric Sixties provides cool, clean and automatic cooking. The entire house and kitchen stay free from soot because electric cooking is combustionless.

Electrical range manufacturers,

eager to comply with the needs and desires of the American homemaker, have been busy incorporating the features homemakers have desired into their newest lines of electric cooking appliances.

Innovations such as large oven rotisseries can hold up to a 16-pound fowl. Automatic timers can be set in the morning, go on later in the day and off when the food is done. Removable aluminum oven liners and built-in meat thermometers can be found in 1960 electric range models.

In addition, many electric range models come complete with a surface griddle upon which the housewife can grill bacon, cheese sandwiches or griddle cakes — and all without an extra pan or skillet.

Deep Well Cooker
A great many of today's models come complete with high-speed automatic surface units. Other features offered by various manufacturers include a deep well cooker with an adjustable heating element that can be raised to a surface unit, a broiling unit, which gives roasts the look of having been prepared by a professional chef, a built-in meat thermometer with an audible signal. One manufacturer has a model on the market with a meat thermometer with automatic control that decreases oven temperature as the meat approaches desired doneness.

A verticle broiler that broils both sides of steaks and chops at the same time is offered by one manufacturer while another has an automatic on-off control for the broiler.

One of the electric range manufacturers offers basting attachments and another has an automatic on-off control for its range model rotisseries.

A number of other features are also available such as removable surface units and removable chrome trim rings for each of cleaning; drop down oven doors; french style oven doors that save space; casters to facilitate moving the range so the floor behind can be cleaned; double ovens so that

MODERN STYLING and conveniences are engineered into this electric oven. Smokeless broiling produces crisp, juicy steaks or chops unmarred in taste by smoke

fumes. No-spill edges designed into surface ranges eliminates spill-over. Thin-top design permits installation above cabinet drawers, a space-saving convenience.

broiling and baking may be done at the same time.

With a twist of the switch or a push of a button, surface units, oven or deep well cooker rise to the desired temperature. The homemaker need only put on the food and set the controls.

Because of the automatically controlled heat, she may attend to other activities. When she returns to the range she will find that her dinner is cooked just as she wants it. Cakes, cookies, pies and bread are baked perfectly every time because they are baked with controlled heat that stays uniform.

Fruits and vegetables stay vitamin and mineral enriched because they need not be cooked in an excess of water that robs them of their nutrients. Roasts simmer in their own juices.

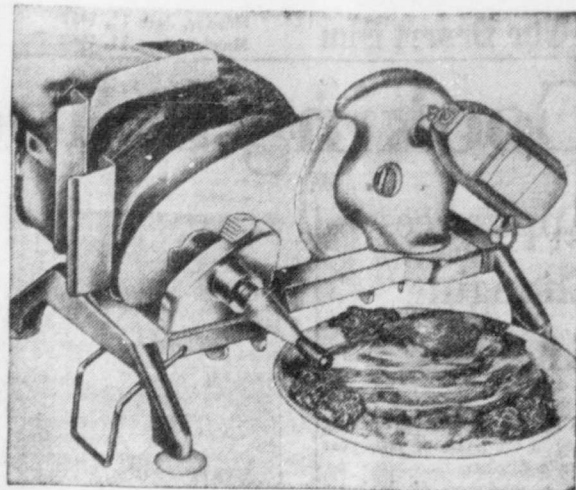

The electric range — either free standing or built in — provides flexibility and at the same time gives an individualized appearance to the kitchen.

It's Birthday Time At All Thrifty Stores

It's birthday time at your neighborhood Thrifty Drug Store. The giant firm is celebrating its 33rd anniversary with a fabulous Birthday Sale running the entire month of June. Company officials announced the once-a-year sale will feature thousands of birthday "specials" in every store throughout the chain.

Manny Borun, Vice President of Thrifty Drug Stores stated, "This huge 33rd Birthday Sale is our way of saying 'thank you' to our millions of friends who have helped us grow from a single store in 1929 to the largest drug, variety and junior department store chain in the West." Thrifty now operates 192 stores in California, Arizona, Nevada and Oregon and serves more than 12 million customers each month.

Special 33rd Birthday Sale prices will be featured on a vast array of items including Cannon towels, seamless nylons, plastic waste cans and laundry baskets, throw rugs and soap filled scouring pads, to name a few of the bargains.

ANY HOMEMAKER can be a professional at food slicing with these portable, easy-to-clean electric or manual slicers. Roasts can be sliced uniformly right down to the end.

King Father

For the king of the clan: A three-inch high gold foil crown made of sturdy cardboard. The crowns are being stocked as giveaway items by some retailers of Father's Day gifts.

Straw on the head is the straw in the wind for spring millinery. Some straw toppings are the little girl type with turned-up brims and sailor streamers.

Appliances Changing Kitchens

One of the most far reaching changes in the home of yesteryear is today's kitchen.

Once a workshop of drudgery, it has now become a relaxed center of family life and food preparation, where modern appliances take over all the heavy work and save the homemaker precious hours she can devote to other interests.

The kitchen also has become a center of beauty in the home. In many cases it is the principal dining area into which the housewife can invite her guests with pride. And it's a far cry, indeed, from the dreary kitchen of even a generation ago.

Gone are the squat, dominating range with Queen Anne legs—the primitive sink—the stark functional ice box. Thanks to the ceaseless efforts of engineers, designers and manufacturers to reduce the work and enhance the beauty of kitchens, homemakers today are almost constantly able to upgrade the attractiveness and efficiency of their domestic headquarters.

There are more and more electrical servants ready to go to work at the flick of a switch. Many of them are small but they do Herculean jobs.

Starting with the breakfast toast and coffee, today's homemaker has the new electric percolators which brew from five to ten cups of coffee. After brewing, the percolators can be dunked in water and cleaned in seconds. They feature newly designed detachable thermostatic controls with reminder lights which blink on and off when coffee is ready for serving. And there are new automatic

PORTABLE electric ovens are becoming increasingly popular for baking small roasts and as food warmers.

also to solve the problem of where to put the lid when it is removed from the skillet.

A three-in-one appliance provides a fully automatic electric can opener, an electric clock and an up-to-the-minute interval timer. Recently introduced, it's one of those new ideas that comes along now and then to fill a well felt need and cause folks to exclaim, "why didn't someone think of that before?"

Mrs. Homemaker opens more than 788 cans a year. She looks up at her kitchen clock an uncounted number of times every day. And she uses a signal timer regularly for everything from

three-minute eggs and thirty-minute baking to checking up on Junior's neighborhood excursions.

Appliances Do Multiple Chores

The modern homemaker expects her electric appliances to do the multiple chores which women of other eras performed by hand. So most women today own a blender—that small kitchen appliance with the versatility of a giant helper. With a flick of the blender switch, she can be the greatest shortorder cook, baker, salad maker, gourmet, chef, mixologist—all rolled into one.

For example, in the speedy cooking category, let's take an omelet. This can be the most humdrum dish or an inspired offering upon which many a famed chef has

staked his reputation. The blender takes care of cheese grating problems while it blends the omelet ingredients in seconds.

Homemade ice cream in the nineties was the standard Sunday dinner treat. A block of ice (for there were no refrigerated ice cubes then) had to be crushed by hand to surround the large tin containing the cream. Even when ice cubes and hand ice crushers came along, the job wasn't exactly easy.

But today with the advent of an attachment which fits on mixers or blenders, mounds of crushed ice can be produced in seconds. This

has led to a completely new concept in food beverage preparation. By the simple flick of a switch, this once-upon-a-time difficult ingredient—crushed ice—is ready for a variety of uses.

The trick in preparing meals day after day is to have the old standbys come to the table with a little imagination.

It might be a new homemade salad dressing, cake topping or a slight variation in the gelatin dessert, but the taste sensation and added eye appeal will be worth it.

Mixer Speeds Those Nice Embellishments for Foods

Many times food is served without embellishment or some receipts are bypassed completely because the blending and mixing seem to be too much extra work. This happens when the homemaker is without the help of an electric mixer. An electric mixer completes just about any kitchen mixing job in seconds.

A good example of the time and energy saved is cake mixing.

Mixing time directions on packaged cake mixes are indicated as two or three minutes by an electric mixer method or 450 hand strokes.

Because of their versatility, durability and streamlined elegance, handsome drink mixers are just as much at home in a living room as out of doors.

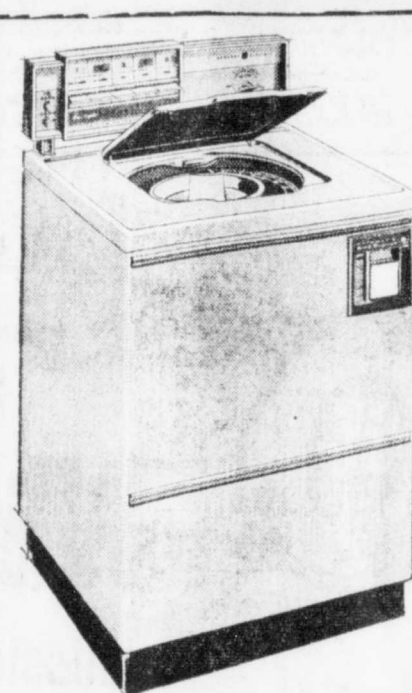

These portable electric mixers serve soups, drinks, salad dressings, batters, sauces—taste better in seconds.

If there is a baby to feed in your house or if you have a toddler who is learning to feed himself and takes so long that the food gets cold, you'll appreciate the new automatic baby food warmer which heats baby foods automatically and keeps them warm all through feeding time.

Equipped with carrying handle, baby food warmers are designed with surfaces that cannot overheat. A firm suction bottom prevents tipping or spills and when the cordset and connector are removed, the warmer is completely immersible for easy cleaning in dishpan or automatic dishwasher.

TO BIKINI or not to, is the question in many a feminine mind this summer. However, the Cole of California couturiers have solved this problem by creating their same-but-different Sissy suits, fashioned from frosty white nylon lace on pastels or black.

FOR JUNE BRIDES

Tradition Persists Today

The tradition of June weddings goes back to the primitive bride who sat before her cave and displayed a circlet of rushes about her wrist or ankle to signify her recent marriage.

Then an earnest husband changed the band to iron to signify the lasting quality of the marriage contract.

If a girl married in any other color but white, her marriage was said to be doomed to misery and unhappiness.

The wedding veil is a tradition that's been carried through centuries from a custom followed by people in the Far East.

All unmarried females were required to wear veils covering the face up to the eyes. Not until they married were they allowed to unveil their faces in public.

The two rings that symbolize marriage today were no less symbolic in times past. In days when marriage by purchase was customary, a prospective bridegroom proved his worthiness and good intentions by showering gifts of cattle, food or jewelry on the bride-to-be and her father.

Later, the gift to the bride was a personal ornament or ring.

The diamond is given at the time of the engagement in keeping with a custom dating back many centuries. It was believed the diamond signified the fire of love.

The wedding band has an even earlier beginning. Some say it

SILVER SPUR Ranch Resident Toni (Mrs. Bert) Holloway demonstrates use of the BeautyLook magnifying make-up glasses, which she invented and has placed on the national market.

Ice Bag Hat

The hatter, John Fredericks, has turned his talents to toppers for the beachcomber. The New York designer has created an all terry cloth "after dip" hat elasticized like a shower cap. The hat completely covers damp locks. Called the "fredero," it resembles what the milliner called "an ice bag." It comes in a variety of colors.

Milk's Good for Energy, Beauty

The future good health and general well-being of the nation depends largely on what our growing boys and girls are eating today.

Nutritionists of the Dairy Council of California as well as nutritionists everywhere agree that whole milk in all its varied and wonderful forms is our most nearly perfect food. In a sense an adequate amount of milk in the

daily diet is a beauty treatment since it helps build straight bodies, strong bones and teeth, glowing healthy skin, shining hair and laughing eyes.

Nutritionists further agree that every child needs at least three 8-ounce glasses of milk a day. Teen-agers need a quart or more and many a growing boy, given the chance, will drink considerably more as nature demands.

BUDGET WISELY

Prolong Your Honeymoon

If you can manage to put all that good advice about living within your income into practice at the start of your married life, it will prolong the honeymoon. The most practical way to do it is with a budget and here are some tips for engaged couples and newlyweds from Jean Kinkead, women's consultant to an insurance company, on how to set one up.

The first step is a realistic look at the take-home paycheck so you'll know just how much money you have to work with each month.

With this figure in hand, the next step is to decide together on your future goals and how you want to achieve them. In doing so, there are four broad categories to consider: monthly fixed expenses, monthly variable expenses, long-

List Expenses

Monthly fixed expenses are easiest to list: the rent or mortgage payment, insurance on your life, car, property and possessions, telephone, utilities, regular payments on loans, car or furniture (watch out for these!) and union or professional dues. And add in going-to-work money — carfare and lunches.

The third category, long-range savings, includes an "untouchable" bank account and those life insurance policies you both have that accumulate cash value. Some

Be Prepared

An emergency fund — the fourth category to consider — can be of great help, even if only \$50 or \$100, when an unexpected expense pops up. Without a small cushion to help, your whole budget can tumble so make this a must for a few dollars each month.

Don't look on the first budget as final. It feels too much like a straitjacket then, and besides, you'll probably discover areas where you're over or underestimate costs. So revisions are in order. Remember, budgets should change as your needs and the family changes and as you reach specific goals.

Flexibility Featured In Washers

Automatic washing and drying machines for family laundry are as basic a part of a modern home equipment as the kitchen sink.

Their news is in flexibility, size and high-fashion design.

Top-of-the-line washers offer a variety of choices in water temperature, agitating or spinning speeds and time. A prewash soak eliminates the need to scrub heavy-duty wear.

Automatic dryers now feature several heat temperatures and time cycles. High air flow plus low heat or no heat at all are latest developments for no-wrinkle drying of wash-and-wear fabrics. Even bed linens now come in wash-and-wear fabrics which need no ironing.

Some Are Versatile

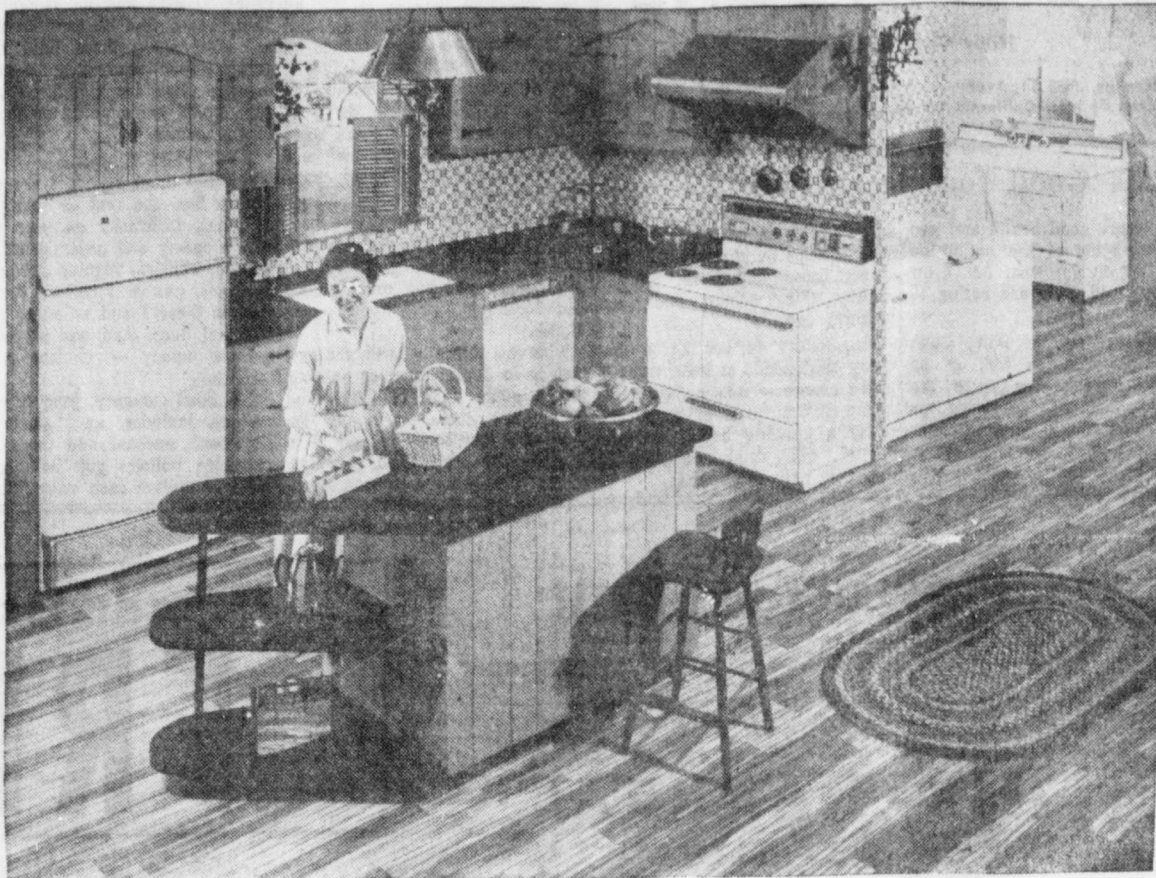

Some appliances offer as many as eleven washing and drying programs. Others do the thinking for you if you just push a button denoting the kind of fabric.

Water-saver buttons are on many washers, which hold filtered wash water aside for second use. Some use as little as seven gallons of water for an eight-pound dry load. (Thirteen gallons is reportedly normal fill). One machine uses only twelve gallons for the entire washing and rinsing cycle with a ten-pound load of clothes.

Detergent, bleach, dye and water softener dispensers in many washers are geared to operate at the proper moment in the wash cycle. Some feature filters and sprays that prevent lint from clinging to dark fabrics.

Check Water Use

In selecting an automatic washer today, the homemaker should find out how much water it uses for the entire cycle, whether it

A POPULAR RANCH KITCHEN for modern homes is this "L" design with an island combination work and serve center. This kitchen features a full size laundry, a 500

pound chest type freezer plus range, oven and other appliances.

New Designs in Freezers Pay Off in Conveniences

A "cold war" is being waged with tremendous success by the manufacturers of household refrigeration equipment.

Designers have incorporated into many new refrigerators and food freezers an extensive collection of basic, meaningful design developments such as frostless freezing which promise important advances for the homemaker on all food-keeping fronts.

Frost proof freezing, a convenience feature which completely eliminates time-consuming, messy defrosting is now available in many models.

The remarkable new freezing system provides true frost prevention instead of permitting frost to collect, then melting it away. None of the complexities of the ordinary automatic defrosting systems are present in this new advanced type of freezing.

'Frostless' Models

Equally important to "logistics-minded" homemakers is the fact that the new frostless models will

Horsey Styles Are With Us

Spurred on by Jackie Kennedy's enthusiastic endorsement of riding, a shopping center for the horse world combines chic with comfort in its new line. Sample: Stretch denim Kentucky jodhpurs which Miller Harness of New says withstand hours of riding without a wrinkle.

NEW FLUSH-TOP combination washer-dryer designed especially for installation in a line of cabinets is shown above. This model makes it possible to run a counter-top back-splash trim across the top, permitting a full custom appearance. The washer-dryer combination is fully automatic.

Starlite Room Donated for Cooking School

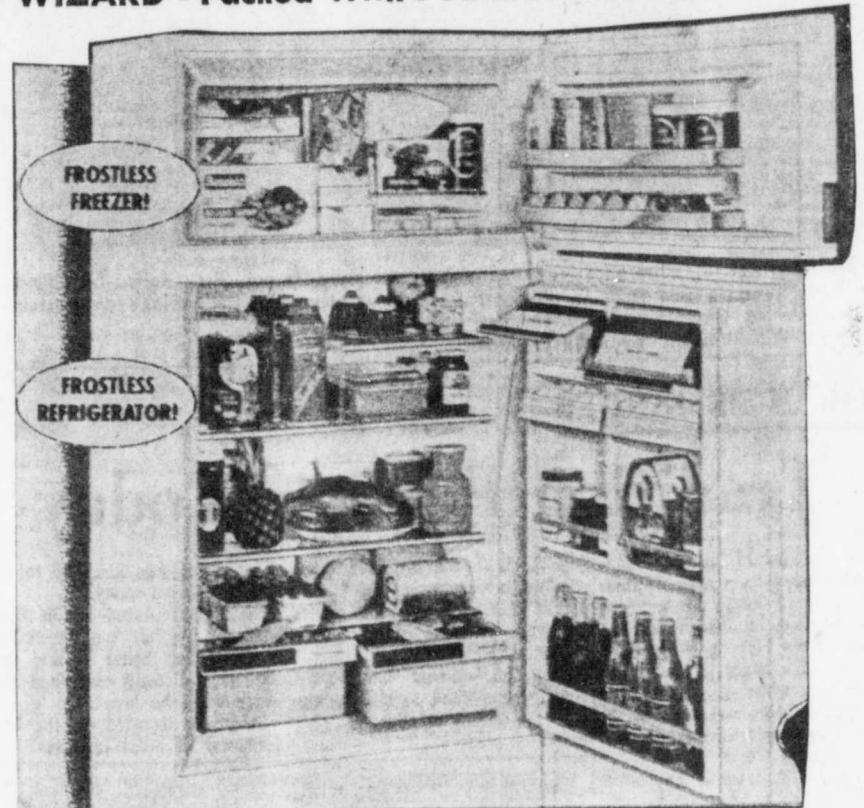

Use of the beautiful Starlite Room at the world-famous Chi Chi for the first Cooking School and Electric Living Show has been donated to The Desert Sun, Calnetric and their co-sponsors through the courtesy of Julia Stiff.

The program, which starts Tuesday at 2 p.m., is admission free to anyone holding tickets that may be obtained from Safeway Stores, Sales Market, Mayfair Market, Market Basket, Alpha Beta, Outpost Market, Thrifty Drug, Campbell Electric, Food Box, P.S. House of Health, Henry A. Simarian and at Speirs' Golden Market in Indio.

Editorials-Opinions

THE DESERT SUN PUBLISHING CO. ESTABLISHED 1927

George E. Cameron Jr., President

Carl W. Schooss, Publisher

Hometown Editors Critical of J.F.K.

At intervals, The American Press, which is an independent magazine for hometown newspapers, conducts surveys on questions of broad public interest. The purpose is to find out what the home town editors think about current and controversial major issues.

The results of the latest of these surveys appear in the magazine's April issue. It covers President Kennedy's legislative program. Of the most far-reaching presidential proposals, the editors gave a majority to only one—the act to give the President greater authority and latitude in dealing with the European Common Market. One editor, indeed, pretty well covered the attitude of the majority when he wrote "... keep government out of education; keep presidential power to a minimum; get out of socialization!"

The questionnaire was answered by 402 editors, representing a cross section of all the geographical areas. Here in summary, is how they responded to some of the questions. (The percentages given total less than 100; the balance of those answering had no opinion.)

1. Seventy-eight per cent opposed the proposal to extend medical benefits to persons drawing Social Security benefits, with only 20 cent approving. On the other hand the vote favored, 84 per cent to 12 per cent, a voluntary, non-governmental plan, such as that recently announced by the American Medical Association and Blue Shield and Blue Cross.

2. There were a number of questions concerning tax revision. Proposals to withhold taxes on dividends, and to give the President authority to make temporary cuts in income taxes at his discretion also were given a No vote, by heavy majorities. On the other hand, the editors favored tighter rules on business expense accounts; repeal of the 10 per cent

tax on passenger fares on the commercial carriers and passage of the Boggs Bill, which would reverse an Internal Revenue Service ruling which prevents businesses to deduct, as business expense, money spent to influence legislation.

3. The Kennedy farm program ran neck and neck—50 per cent for, 47 per cent against.

4. The proposal to establish a Department of Urban Affairs, at a Cabinet level, was decisively rejected, 74 per cent to 25 per cent.

5. The aid to education question was broken down into several parts, covering such phrases as federal appropriations for classrooms and other physical facilities, for pay raises for teachers, for college scholarships, for construction of new medical and dental schools, and so on. In each instance the majority was heavily opposed. Heaviest No vote of all concerned the \$2.1 billion program to build public school classrooms and raise teachers pay—81 per cent against, 15 per cent for.

6. As mentioned before, the proposal to give the President powers to reduce tariffs in order to negotiate more readily with the Common Market drew majority approval, but the margin was thin—53 per cent to 45 per cent.

7. The vote was overwhelming against the proposed \$450 million for community fallout shelters—83 per cent to 14 per cent.

The American Press for April also carries an editorial commenting on the results of the poll. This is its concluding paragraph: "The country editors have never lost faith in the ability of people to accomplish greater things at the local level than could ever be accomplished by a far-away and unwieldy government. Changing times, new conditions and the country's rapid growth have done nothing to weaken this faith in the miracles which can be performed by self-reliant citizenry when left to take care of its own affairs."

Other Editors

There will be a slight detour on the road to Utopia.

Last year a draft program for the Communist Party of the Soviet Union said that that country by 1970 would surpass the United States and other capitalist countries in productivity, that everyone will live in easy circumstances and "hard physical work will disappear."

Over the weekend Premier Khrushchev has announced that the Soviet Government stores (the only stores) are raising the price of butter to the equivalent of \$1.80 a pound and that the prices of meats and meat products are being increased 30 per cent.

He follows this with a stern warning that city people can expect no wage increases to meet these prices and that any who "do not wish to understand . . . should be called to order"—which could mean anything from public denunciations to job discriminations to possible work camps.

All this, the Communist propaganda apparatus explains, is necessary because there

can be no thought of curtailing the Soviet military establishment. The Kremlin has made its choice not merely of guns, since cannon are obsolescent, but of bombs, and expensive thermonuclear ones, over butter.

Moscow Radio cites United States tests as reasons this expense must continue, but the cost was already familiar from the 50 or more explosions with which Moscow broke the nuclear test moratorium.

If Americans or Western Europeans make comparisons of theirs with the Soviet economy it is only fair to recognize differences of climate and of developed resources. But differences of political systems also certainly make some difference in economic accomplishment.

The shortcomings of communism have been particularly visible in the area of agriculture, to which Leninist Marxism finds it must apply incentives. "There was no other way," says Mr. Khrushchev, and is not likely to be for the next two or three years. Which is quite an admission.

Christian Science Monitor

HOLMES ALEXANDER:

A Two-Year Hatching Period

WASHINGTON — Good chickens as well as bad come home to roost. Back in the spring of 1960, the Army and Air Force laid out Operation Big Slam which airlifted 21,000 troops and their 11,000 tons of equipment from bases as distant as Fort Lewis, Washington, to Puerto Rico.

Your reporter made the trip and saw the big, tired, slow (everything being relative) prop-planes lumber in to their landings. All of us covering the maneuver knew that the effort, while miraculous by World War II standards, would never get us there fastest with the mostest in the multi-fronted Cold War.

Key Dialogue

Army General Lemnitzer, then chief of staff, and air force General Tunner, commander of the Military Air Transport Service (MATS) went before a House subcommittee on airlift, chaired by Rep. Mendell Rivers (D., S.C.). The generals asked for a jet-powered, modernized force of troop-cargo carriers. The key dialogue went something like this:

Rivers: "How much money do you need?"

Tunner: "We need \$250 million a year for 10 years."

Congress: "We'll give you \$200 million for the next fiscal year."

President Kennedy and Defense Secretary McNamara, taking office in January 1961, released the

funds which were promptly contracted to Boeing for 45 C-135 Stratolifters, to Lockheed for 50 C-130 Hercules and also to Lockheed for 5 C-141 Starlifters for delivery in 1964.

There for Crisis

The first of the 500-mile-per-hour Stratolifters arrived in time for last summer's Berlin crisis. Three battle groups of 4500 Army troops were airlifted from Fort Lewis on our West Coast to Frankfurt, Germany. Eight hundred of these infantrymen in five Stratolifters were flown non-stop over the Arctic to Frankfurt in a series of 10-hour trips. The rest of the troops were by prop planes across the USA, through the Azores with two stops in 30 hours.

These figures are militarily dramatic. They show that the time factor was cut by two-thirds, that the jet-plane cycle was completed before the prop-plane accomplished a half-cycle or one-way trip, that the delivery factor from the American West Coast to Germany is 252 soldiers for the jet-plane against only 60 soldiers for the prop-plane. I have researched this column by interviewing Lt. Gen. Joe Kelly, for the past two years commander of the MATS force. He tells me:

A First "For the first time in history, we have just airlifted elements of the Marine Corps. Last month

the Navy put ashore 1800 Marines at Bangkok in Thailand. Our MATS planes took elements of them to Udon near the Mekong River which is the frontier between Thailand and Laos. Significantly, at the same time, other MATS planes were flying army troops and Fighter Command equipment into the Pacific area."

General Kelly went on to say that the modernized jet-powered planes had arrived not a month too soon. His command has received about 30 of the 45 Stratolifters. The first two of the Hercules "extended" have arrived and are being used to train crews. The general said he is mobilizing all the military airlift in his command, and all the civilian airlift he can obtain by contract.

The American people know by now that our armed forces and their weapons, from nuclear bombs down to the personal knives and pistols of our guerrilla fighters, are on call throughout the world at a moment's notice. It is axiomatic that mobility (Kelly calls it "globality") is what makes it possible for us to meet these commitments. But it is not often enough noted that the decisions made these hot summer days by Congress, under urgent advice by the military, come home to us in success or failure in about two fateful years.

THIS SIDE Of The Sun

R. F. "Phat" GRAETTINGER

In the spirit I'm riding
In the flesh I am sitting,
But I will be riding
Before this I'm quitting.

Everything's packed, checked and double-checked and unpacked only once. To put that forgotten long shoehorn which enables me to be shod without bending over, into a bag.

Bending over isn't the trouble or the cause of as much puffing as it was before regulating the caloric intake, but it is extra effort and thus to be avoided.

LIKE I SAY, I'm all packed and ready to go but, as usual, find time on my hands. It's still five hours before train time. So I figured I'd give that little portable a final workout while it is still standing still and mail this from San Bernardino or Las Vegas, the only two places this train pauses before getting to Salt Lake City.

I think I'll make it Las Vegas. I usually leave something there.

A NOTE came from Ed Dering of 1252 North Riverside Dr. just before take-off from the job. Dering is a man after my own heart. Instead of listening to and watching TV commercials, working crossword puzzles or playing solitaire, he likes word games.

You may recall that not so long ago he went through the phone book and reported on the names he found there which could be grouped into many combinations such as colors, autos, clothing, food, jobs and professions.

FOR INSTANCE, take colors. There's a Blue, Brown, Green, White, many others. Then autos—Ford, Dodge, Studebaker, even a Packard. You can take almost any category and you'll find people listed in the phone book with names that fit into them.

Anyway, Dering wrote enclosing a clipping showing that since then, other columnists have copied the idea and perused phone books.

BUT HE COULDN'T find any classification in which to slip my name. But he was bound to use it so he revived that old game of taking a name or a word and making as many other words out of it as possible using each letter no more often than in the key word.

He got more than 100 words out of Graettinger and challenged me to beat it.

So I tried it. More fun than watching commercials.

STARTED OUT FINE with Great, Grit, Rate, grin and was going good when Mrs. G wanted to know why I was so quiet.

I told her and she looked at the sheet on which I was scribbling.

"Fine," she said. "That's fun. Look, I've got Rat, Ringer, Grate, Gin."

"Who's playing this game?" I interrupted. "You know I don't like gin. I'm glad you can't find also there or you'd use Ran."

"Why not? Six out of eight of your picks did Tuesday."

ABIGAIL VAN BUREN:

Dear Abby . . .

DEAR ABBY: I have had so much "advice" that I am dizzy. My husband died three years ago and left me a nice business. All my friends are afraid some man is going to marry me for my money. Every time a man shows an interest in me, someone tells me to watch out because he is after my money. I am getting tired of it. You would think I had nothing else to offer. I am alone, but I don't have to buy a husband yet. How can I tell for sure if a man is interested in me or my money? —NOT BAD

DEAR NOT BAD: Tell him you're broke.

DEAR ABBY: I hope you won't think I am dumb but I am in love with a girl who lives in another city and I want to write her a letter asking her to marry me. I am no good at writing letters. Abby, I call her every Sunday instead of writing. Please write a letter I can copy and send to her. And make it so good she can't turn me down. —DICK

DEAR DICK: When it comes to this kind of a letter, you will have to do it yourself. No matter how poor you think you are at writing letters, she'll think this one is the most beautiful letter

she's ever received. (If she loves you, that is. If she doesn't, "my" flowery prose won't help.)

DEAR ABBY: A lady we know was recently discharged from a T.B. sanitarium and, frankly, we are not quite sure how to close to get to her. She visited my home yesterday and after she left I sterilized everything she touched. Now I am worried about my children catching T.B. because she hugged them. Is there any danger? —WORRIED

DEAR WORRIED: A "T.B." patient is discharged only when he is "negative." You are safer by far in the company of ex-"T.B."ers than with those who have never been tested for it. An ex-T.B. patient "knows" he is negative of infectious germs. Unless one has periodic tests he can never be positive that he is negative.

CONFIDENTIAL TO "Gin Widow": Better to have a husband who plays it than drinks it.

Still worrying about the same old problem? Write to Abby for a personal reply. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Remember When

June 11, 1952

Palm Springs Unified School district board voted against a proposal to release pupils for an hour a day for religious education.

Sgt. R. C. Paisley and Cpl. F. A. Shipley of Palm Springs returned from the Korean war zone. Flood control taxes in Zone Six of the county district, will be four cents higher, supervisors said. County flood control costs were up \$343,650.

Two tracts of Indian land in Palm Springs appraised at \$155,000 were included in 83 in the state advertised for sale by the Indian Affairs Bureau.

June 11, 1942

First contracts were let for construction to convert El Mirador Hotel into an army General Hospital. Officials said that before the work is completed the army will spend \$4 million. First patients are expected to arrive by the end of the month.

Charles Mathews was elected president of the Palm Springs Realty Board succeeding Billy Wright.

City planners turned down a petition for a change of zoning on Ramon Road east of Sunrise Way from residential to light business.

June 11, 1932

Thomas P.B. Jones, county sanitary inspector, and Carl O. Gillespie, state sanitary engineer, were in the area inspecting domestic water facilities at Banning, Cabazon and Palm Springs. An inspection of swimming pools in this city and of sanitary conditions on the reservation is planned by the state health service, it was said.

NEW YORK — French Foreign Minister Couve de Murville, disputing U.S. contentions that it would be dangerous if France and other Allies acquired nuclear weapons:

"It seems to me that the major danger for the United States is not that Europe or France have a nuclear deterrent, but rather that the Soviet Union has it."

MOSCOW — A Soviet jazz buff, after hearing Benny Goodman and his orchestra wing through the jazz classic "One O'Clock jump."

"Goodman really blew the roof off on that one."

MIAMI — The Miami Herald, in an editorial comment on President Kennedy's cancellation of his subscription to the New York Herald Tribune:

"All that has happened to the Herald Tribune is to get banned at 1600 Pennsylvania Ave., or so to speak, in Boston."

The Desert Sun 9

Horoscope Forecast

By CAROL RIGHTER

Tuesday, June 12, 1962

GENERAL TENDENCIES: Until mid-afternoon, make sure that you sidestep any temptation to get in the midst of a disagreement between two persons who are important in your life. Then

the afternoon and evening finds you wrapped up in being able to cooperate sensibly with those with whom you have usual contact. Be charming, delightful.

ARIES (Birthdays from Mar. 21 to Apr. 19)—Until 3 P. M., try not to vent your feelings on those who oppose you. Conserve your energies for constructively getting together with partners. Relieve tension.

TAURUS (Birthdays from Apr. 20 to May 20)—During the day don't lambast those who get in your way. Have respect for their ideas, too. Keep busily occupied at own work and retain respect of co-workers.

GEMINI (Birthdays from May 21 to June 21)—You can accomplish much until 3 P. M., if you forget private anxieties about which you can do nothing. Get together with amusing people later and have fun.

MOON CHILDREN (Birthdays from June 22 to July 21)—A dynamic friend cannot understand your method of operating, but his problems are not similar to yours, so don't let it bother you. Carry on, but be charming to family.

LEO (Birthdays from July 22 to Aug. 21)—Act wisely so that you do not irk higher-ups. Get errands done, do what others expect of you. Then tonight can be fun with those you truly like.

VIRGO (Birthdays from Aug. 22 to Sept. 22)—You are able to contact those who can be helpful to you, preferably before 3 P. M. Keep busily occupied with financial and real estate matters.

LIBRA (Birthdays from Sept. 23 to Oct. 22)—Forget about getting even with those who irritate you and carry through with constructive work that brings a greater income and more happiness into your life.

SCORPIO (Birthdays from Oct. 23 to Nov. 21)—If you are at all demanding with others, you can get into real trouble today. If they are irate, find out what is wrong instead. Relax at home in P. M.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21)—Avoid routine duties that get you nowhere and look into new outlets, see the chums who can make you feel important, desired. Be very social tonight.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20)—Get rid of depressed feeling and face the world happily today. Thusly you change opponents to real friends. Have dinner with the influential persons tonight.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19)—Realize today that some people like to stew and fret over their problems. Don't waste your energies desperately trying to help them. Strike out for yourself. Don't argue.

PISCES (Birthdays from Feb. 20 to Mar. 20) — Fine day for visiting, but be most careful while out driving or walking. Resolve to spend the evening with mate and have a fine time, though many years married.

Detonates Device

WASHINGTON (UPI) — The United States detonated the 15th in its series of nuclear tests near Christmas Island in the Pacific Friday.

The Atomic Energy Commission (AEC) said the weapon dropped from an airplane, was of intermediate yield. This meant it had a yield equal to about 100,000 tons of TNT.

LEGAL NOTICE

No. 854

NOTICE OF TRUSTEE'S SALE

On Tuesday, July 3, 1962 at eleven o'clock A.M. at the main entrance to the County Court House, in the County of Riverside, State of California, THE AMERICAN NATIONAL BANK OF SAN BERNARDINO, as Trustee under the Deed of Trust executed by KENNETH DONALD CUDINGTON and MARY J. CUDINGTON, dated November 22, 1959, in Book 2387, page 407 of Official Records in the office of the Recorder of Riverside County, California, and by reason of default in the payment of performance of obligations secured thereby including the breach of default, notice of which was recorded March 6, 1962 in Book 3090, page 538 of said Official Records, will sell at public auction for cash, lawful money of the United States, without warranty as to title, possession or encumbrances, the interest conveyed to said Trustee by said Deed of Trust in property situated in the County of Riverside, State of California, described as:

Lot 600 of No. 3 SPRINGS COUNTRY CLUB ESTATES Unit No. 4, as shown by Map on file in Book 27, page 1 of said Official Records, and by reason of default in the payment of performance of obligations secured by said Deed of Trust, including fees, charges, and expenses of the Trustee, sums expended under the terms thereof, interest thereon, and \$15,574.22 in unpaid principal of the note secured thereby, with interest thereon at the rate of 3 1/2 per cent per annum, from October 1, 1961, (SEAL)

RESOLUTION OF INTENTION

TO ABANDON A COUNTY HIGHWAY

BE IT RESOLVED by the Board of Supervisors of the County of Riverside, State of California, in regular session assembled on June 4, 1962 that it is the intention of this Board of Supervisors to abandon as an unnecessary highway that portion of Fourth Street in Cathedral City, Fourth Road District, extending easterly from Cathedral Canyon Drive a distance of approximately 800 feet.

BE IT FURTHER RESOLVED that a public hearing on this resolution will be held on Monday, June 11, 1962, at 1:30 o'clock p.m. in the meeting room of the Board of Supervisors in the Court House, Riverside, California, at which time and place said Board will hear and consider the proposal to abandon said highway and any objections thereto.

BE IT FURTHER RESOLVED that notice of said resolution be given by posting copies of this resolution and publication as required by law.

Angels Beat A's Twice, 14-6; 6-5

WINNERS of the His and Hers League at the Palm Springs Bowl were the members of the Adams Carpet Service team who were presented with individual and team trophies at the end of league play. From left: Jenny Lavender, Ad Adams and Beryl Adams. Another member of the team, John Fairchild, was not present for the picture. (Desert Sun Photo)

Mike Wolveridge, tournament newcomer, shows good impact lineup, something every golfer should strive for constantly.

COUNTLESS players ask for trouble in their way of starting a new season. They go to the first tee giving most of their attention to arranging bets. Their practice is just a few dandelion swings. They face the first shot with only a prayer going for them. No matter how many of their shots go sideways they claim to enjoy the game. They're like clowns bragging about not getting beyond the fifth grade. It isn't possible for an honest, intelligent person to genuinely enjoy golf without some training in the proper playing technique. It is never too late or difficult to do this training. Swing essentials can be learned at home better than elsewhere. Practicing chin-pointing in front of a mirror, while sitting in a swivel chair and turning your body, will teach you more about controlling your head and attention than you have learned in years on the course.

Sports In a Capsule

TIGERS CONFIRM TOUR
WASHINGTON (UPI) — The Detroit Tigers confirmed today that they have accepted an invitation to tour Japan next October and November, according to Shinichi Kuno, vice president of Mainichi newspapers. Kuno said the Tigers will leave for Japan Oct. 21. Yetsuo Higa of Hawaii, a Mainichi representative, will continue working out details of the trip — making a stop in Detroit during the All-Star game break next month.

REPORTS FOR TRAINING
EAST ORANGE, N.J. (UPI) — Tom Stith, two-time All-America from St. Bonaventure who was the New York Knickerbockers' No. 1 draft choice in 1961, reports to the club's summer training camp today, hopeful he has recovered completely from tuberculosis. Stith was hospitalized for nearly three months and has not had a basketball in his hands for nearly 15 months.

Simsarian Leads Loop In City Little League

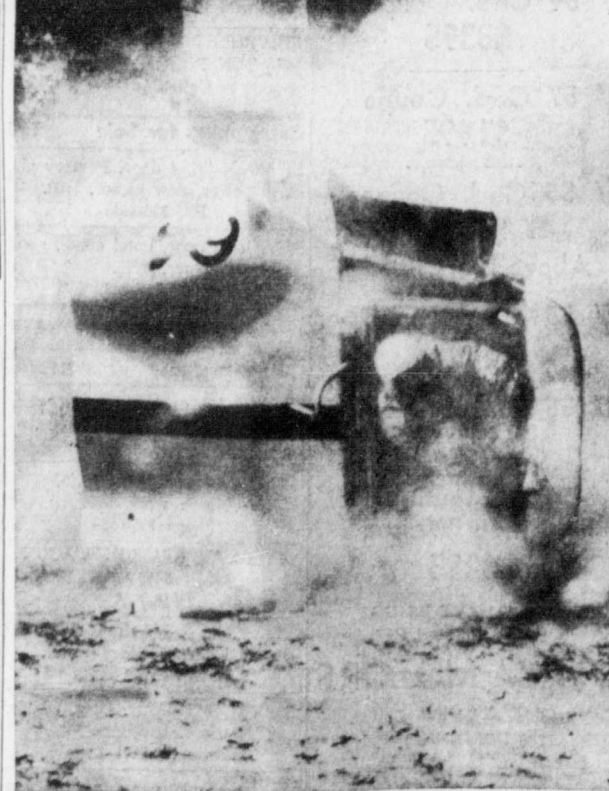

Due to the Palm Springs high school graduation, no Little League games were played Friday night, but the loop swung back into action Saturday evening with the league leaders, the Jr. Police nine, being dropped to second place by the Rotary Club stickmen as they posted a 11-9 defeat on the Jr. Police team. The Simsarian ball club and CVSLA nine battled to a 3-3 tie enabling the Simsarian lads to slip into first place in the league standings.

Little League Standings

Team	W	L	T	Points
Simsarian	7	2	1	15
Jr. Police	6	2	2	14
Rotary Club	5	4	1	11
Water Co.	5	4	1	11
Sambo's	4	6	0	8
Hathaway	4	6	0	8
CVSLA	3	6	1	7
CNB	3	7	0	6

With the conclusion of school, the Little League is starting their regular Monday and Friday schedules. Minors will play Tuesday and Thursdays doubleheaders until completion of schedule.

GARDENA (UPI)—Lowell Sachs of San Diego, won the 25-lap main event Saturday night, highlighting the United Racing Association's midget race car program at Ascot Park. He led from the third lap on and was timed in 10:01.39.

JACK FLAHERTY, of Monterey, walked away from this crash during a practice run for Class G Modified sports car event in the Laguna Seca races at Monterey. Another two-car crash in Class A-B-C

Rig Points to Series With Red Hot Twins

LOS ANGELES (UPI) — The surprising Los Angeles Angels today were only two games out of first place in the American League as a result of

Dietel's Duo Wins Golf Event

Bermuda Dunes Huckleberry Finn Tournament

The twosome of Ken Dietel and Mrs. George Glasoff captured top honors in Bermuda Dunes Country Club's first annual Huckleberry Finn golf tournament with a low net of 54.

Pete Bruni, assistant to Pro Ed Vines, who handled the reins of the unique teefest, proudly hailed it as the most successful summer season opener in Bermuda Dunes' history. More than 100 golfers participated.

The 18-hole best ball event, which Bermuda Dunes' co-owners Ray Ryan and Ernie Dunlevie embellished with a Mark Twain touch in the form of fishing for bass and bluegill in the golf club's 18-hole lake, saw Win Rawlins and Jack MacFayden finish second, one stroke back of the winning duo.

Three teams wound up the day's play with a 56. They were Dr. J. Goldner and Tom Carter, General Lee Utz and Marv Robinson and Ernie Hahn and Mrs. Wade Ellis.

Low gross winners with a 64 were Eddie Susalla, Indian Wells CC general manager, and Mrs. W. Stengel. High gross champions were Ray B. and Low, Dunlevie's father-in-law, Mrs. Lillian Thomas, who posted a 113.

The best fisherman? 10-year-old Mike Carter. The lad hooked a bass weighing 4 pounds 5 ounces and copped top prize. His adult competitors in the Huckleberry Finn fishing derby found the frustrations of fishing just as exasperating as the frustrations of putting.

Agar Wins First In Golf Tourney

LONG BEACH (UPI)—Actor John Agar won the fourth annual World Entertainment Golf Championship Sunday — indicating that comedian Pat Harrington Jr., would do well to take some lessons from the Italian pro he impersonates on television.

Agar, shot a one-under par 71 for a two-day total of 147 that gave him a one-stroke victory.

Production event marred the opening day races, but drivers Dave MacDonald of El Monte and Frank Morrill of San Anselmo walked away from the wreck. (UPI Telephoto)

LEAD NL BY 2½

Dodgers Win Twin Bill From Houston, 9-3; 9-7

MILWAUKEE (UPI)— Yes, the Dodgers today were a big, fat 2 games in front of the National League—further ahead than at any time this season.

But before confident fans in Los Angeles make plans to purchase their World Series tickets they had ought to remember one thing. There still are 100-count 'em—100 games left for the Dodgers, plenty of time for any club to blow the pennant.

However, the Dodgers, who swept a doubleheader from the host Houston Colts Sunday, taking the first game 9-3 and the second 9-7, appear a long way from folding.

Their young players seemingly are reaching their peak and the older ones are playing as well as ever.

For instance, Los Angeles' youthful hitting stars, Willie Davis and Ron Fairly went wild Sunday, playing before the 30,027, largest crowd in the brief history of Colt Stadium. Each got four hits in the first game with the auburn-haired Fairly whacking a triple, double, and two singles. Willie slammed a double and three singles.

And tall Don Drysdale, already a veteran as he nears the age of 28, somehow lasted through the 90-degree heat—and 72 per cent humidity—to record his 10th win of the year in the opener.

Los Angeles had a total of 17 hits in the first game.

In the second contest, the Dodgers combined Norm Sherry's first homer of the season, a triple, a double, two walks and three Houston errors to score six times in the sixth inning.

Haynie Cops Civitan for First PGA Tourney Win

AUSTIN, Tex. (UPI)—A happy young Sandra Haynie said, "It was wonderful, wonderful" after pocketing her first victory in her second year of the Ladies Professional Golf Association tour.

The dynamic 19-year-old Fort Worth girl was elated after she sank a 5-foot putt on the 18th hole Sunday to edge Mickey Wright of Dallas by one stroke.

Little Miss Haynie's Civitan check was for \$1,200 while Miss Wright, leading money winner among the ladies, got \$950.

Miss Haynie thought her victory drive was gone after a triple bogey on the 15th hole when "I just couldn't get out of the trees." But she hung on the par the final three holes.

"Good putting carried me in," Miss Haynie said.

Her one-over par 75 gave her a four-day total of 289, just enough to clip Miss Wright's strong 73-finish for a 290 total.

Gloria Fecht of Los Angeles was alone in third place with 291 for

Keglers Korner

Ernie Richter, bowling in the JayCees league at the PS Lanes, rolled hi-game of 185 and Dave Fisher took hi-series honors with a 507 total. Marge Parker rolled a 464 series, and high game for the women with a 167 score.

The 69'ers won the league as they took four games from the Orbits as the Shaws and the Four Squares tied for runner-up spot. Earl Sutton rolled a 645 series to qualify for the contender of the 'King of the Hill' crown.

Jeanne Chalfont defended her title of 'Queen of the Hill' for the fifth consecutive week, and came out first in competition with the boys and girls of the Junior League. She won a trophy for her achievements.

In league action, Steve Fitzgerald rolled high game of 192 in the Junior's and Walt Freese rolled a 154, 158 for top honors in the Bantam's.
